

## Long Range Planning Committee Report FY2011

---

The major accomplishment of the Long Range Planning Committee this year was planning and carrying out the Centennial celebration:

- ◆ Publication of the Centennial history
- ◆ Construction (with Buildings and Grounds Committee) of the firepit and patio
- ◆ Hickory stick golf tournament
- ◆ Fireworks display at 4th of July picnic
- ◆ Joe Mosbrook speech on Centennial history
- ◆ Centennial Gala
- ◆ Dedication ceremony (September 4) for the the Centennial gift to the club – the firepit and patio

With the completion of the Centennial celebration, the Committee needs to return to its core long range planning function. Probably the most significant long range need the Club has is to stabilize and then grow its membership base. Despite considerable discussion and a number of innovative efforts, membership continues to trend downward. This issue should be a major priority for the Committee (in collaboration with the Membership Committee) in 2012.
